Phone Main 5277.  
Room 210 Auditorium Building, Seventh and 14th Sts. N.W.

## SLAYER OF BABE INSANE.

Newspaperman Carver Committed to St. Elizabeth.

William J. Carver, the newspaper reporter who killed his eleven-month-old son, July 27, by throwing the baby against the wall of his apartment on E street northeast near 7th street, was today adjudged insane by a jury before Justice Gould.

Drs. Boyd, Rudy and Gulon testified to the man's mental derangement, which they characterized as paresis. Miss Markey, a sister-in-law of Carver, told of the man's actions on the morning of the killing of the child and said she considered her brother-in-law insane.

B. J. Grist, a neighbor, gave testimony corroborating Miss Markey and stated the man appeared not to know what he was doing. He declared Carver was not under the influence of liquor.

Carver declined to testify. The court ordered him incarcerated in the Government Hospital for the Insane.

## CONVENTION COMMITTEE WORKING ON DETAILS.

MEETS AGAIN ON SATURDAY

Effort Making to Have Firemen's Exhibition Run—Death of Milford B. Self.

Special Correspondence of The Star.

ALEXANDRIA, Va., August 18, 1910.

That the local committee of arrangements for the state firemen's convention, August 24-26 next, is rapidly completing the details for the convention and parade August 25 was evidenced last evening at a meeting held at the room of the chairman of the committee, J. R. N. Curtin, state chairman of the Firemen's Association. The chairman of the committee was present and made gratifying reports of the work thus far accomplished. The next feature of the details for the convention will be the details for the parade. Arrangements were made for another meeting of the chairman of the various committees Saturday evening at 8 o'clock at the room of the chairman of the committee. The general committee will hold a meeting Monday night next. Badges for the convention will be distributed at this meeting, and considerable unfinished work will be wound up.

A committee consisting of the captains of the three fire companies, together with Chief Petty of the fire department, and Messrs. A. D. Brockett and J. T. Williams, was appointed to wait upon the board of fire wardens and urge upon them to rescind their action relative to the proposed exhibition run among the engines of the local companies. This was to have been one of the features of the third or last day of the convention, but it is said, facing the run, and it would doubtless prove a big attraction for the visitors. Members of the committee, therefore, hope that the wardens will permit the run.

## New Decorations Committee.

A new committee on decorations appointed last evening is as follows: William Cleveland, chairman; K. W. Ogden, W. M. Glasgow, A. D. Brockett, M. T. Dwyer, Courtney Acton, Joseph Drew, Frederick Schwab, Herman Friedlander was named as chairman of the reception committee. The decorations committee will arrange for the decoration of Armory Hall and other buildings. In addition, they will have it is expected, the cross wires on King street from end to end decorated with flags and pennants. The committee also has completed the arrangement of King street from Fairfax to Payne street. This thoroughfare will be illuminated with red lights every night during the convention. A judges' stand will be erected at the south side of King street, between Columbus and Alfred streets. A stand for the band concert will be erected at King and Washington streets. The appointment of judges will be made in the hands of the committee. The committee will also be in charge of the selection of judges for the band concert.

Provision was made for a sign at King and Washington streets to indicate that the chamber of commerce is the headquarters of the general committee. The sign will also be placed near the Young People's building to indicate that it will be a ladies' rest.

The Shenandoah fire company, Shenandoah, Va., has written a letter to Secretary Roger C. Sullivan, which states it will be here on that occasion.

The Relief Hook and Ladder Company last evening elected the following officers: J. T. Trimyer, president; F. C. Spinks, E. Stewart Smith and Thomas A. Fisher, vice-presidents; W. H. Whit, J. W. May, A. C. Hullings and Charles Clarkson, R. M. Latham was elected vice president for the state association.

This company decided to participate in the parade. About twenty members will march. They will be headed by a section of the United States Marine Band.

The Friendship Veterans' Fire Association last evening completed plans for taking part in the parade. This company will bring out the historic old engine, and will also have a float with a band of six men. The company is having the interior of its house repainted and repaired for the event.

## Pythian Lodge Convention.

Oriental Lodge, Knights of Pythias, has arranged for a convention tomorrow night. The convention will be held at the home of the lodge, 1014 E. Street, N.E.

It is reported that George S. Hinkens, former postmaster of Washington, who has been away on his vacation, will be present and it is expected he will be accompanied by several prominent members of the order from Maryland.

Grand Lecturer E. R. Bover of Oriental Lodge, is arranging for a district convention of the lodges in the ninth district, which will be held early in October next. Full attendance is expected at this district is expected on that occasion.

It is reported that George S. Hinkens, former postmaster of Washington, who has been away on his vacation, will be present and it is expected he will be accompanied by several prominent members of the order from Maryland.

Milford B. Self, a well known resident, died last evening at his home, 1014 E. Street, N.E., of typhoid fever. He was thirty-two years old, and besides his wife, is survived by two children. At the time of his death he held a clerical position with the Mutual Ice Company. Mr. Self was a member of Alva Aerie, No. 871, Fraternal Order of Eagles.

Scott Babbs, colored, an inmate of the city almshouse, was yesterday afternoon adjudged to be of unsound mind by a unanimous commission composed of Drs. A. Gorman, George T. Kilpatrick and Justice L. H. Thompson. He will be sent to the State Hospital for the Insane.

A commission consisting of Drs. Thomas Gibson, Arthur Snowden and Justice Thompson also yesterday afternoon adjudged to be of unsound mind a man living on South Henry street. He will be sent to an institution for treatment.

Police Court Cases.

Two white men and a woman were charged in the police court this morning with disorderly conduct. Policemen Nicholson testified that the trio went out yesterday afternoon indulging in fast driving, and made a detour of the southern section of the city from King street. The men were fined \$10 each, and the woman forfeited \$50 collateral. One of the men was sentenced to two days in jail on a charge of vagrancy. The man, however, protested that he worked at a job, and that he will spend the next five days in jail.

Owing to the absence of a quorum, the meeting of the police commission was postponed. The election of a second commissioner will be held Monday next. The next regular meeting of the commission will be held Monday next.

Private John T. Roberts, who has been designated by Gov. Paft as acting lieutenant, will therefore serve in that capacity until the board fills the vacancy.

During the coming week a new dial will be placed in the west end of the town clock. The dial has already arrived. The representatives of the Howard Clock Company have written a letter to C. B. Marshall, chairman of the public property committee, saying that the dial will be installed by one of its men Monday next.

Fur Sale Growing Greater in Interest Each Day—Savings 1/4 to Almost 1/2—Russian Pony Skin Coats a Great Sale Feature

One of the Best Values is a Real \$70 Coat at \$42.50. You Should See It

## DR. WILEY ON STAND IN BENZOATE SODA CASE

Member of "Poison Squad" Also Testifies in Suit Against State of Indiana.

The taking of testimony of the experts of the bureau of chemistry of the Department of Agriculture in regard to the investigations conducted at the bureau to determine whether benzoate of soda used as a food preservative is harmful to the human organism was continued today at the New Willard Hotel by Attorney General Bingham of Indiana, who is defendant in a suit brought by manufacturers of foods using benzoate of soda as a preservative.

After testimony had been given by W. C. Lee, a member of Dr. Harvey W. Wiley's famous "poison squad," and Dr. E. M. Chase, a chemist of the Department of Agriculture, Dr. Wiley was called to the stand. Attorney General Bingham asked a number of questions in order to establish the fact that Dr. Wiley is a medical man and chemist of wide experience.

Dr. Wiley then was asked how many scientific societies he belonged to. After he had named many of the most noted scientific bodies in the world Wiley said he was a member of the American Chemical Society, the American Association of Economic Geologists, the American Association of Microscopists, the American Association of Pathologists, the American Association of Physicians, the American Association of Surgeons, the American Association of Veterinarians, the American Association of Zoologists, the American Association of Anatomists, the American Association of Physiologists, the American Association of Pathologists, the American Association of Physicians,
